The International Leadership Conference (ILC) is a biennial meeting founded by Bishop Shelton L. Beneby in 2015. The first conference was held in Toronto, Canada, under the theme "Shape the Future Now". It brought together more than 500 church leaders, policy makers, community leaders, and parents from Canada, the United States, Jamaica, and The Bahamas who shared strategies to shape the future of our homes, churches, and communities, according to the will of God. Leaders will come together at ILC 2017 to discuss how we can bridge the generation gap and shape the future by "Connecting the Generations through Enduring Values".

ILC:

WHERE CHURCH LEADERS, POLICY MAKERS, COMMUNITY ORGANIZERS, AND PARENTS COME TO DISCUSS THE STRATEGIES THAT SHAPE THE FUTURE!

HOW TO GET INVOLVED

- » **PRAY** for the conference
Pray that God would use this conference to teach us how to connect the generations in our homes, churches and communities so that older generations can pass on their faith and its enduring values to our children.
- » **ATTEND** the conference
Deadline for registration is May 31, 2017. You'll have a wonderful time of teaching, worship, and fellowship.
- » **SPONSOR** your pastor, youth leader, community leader, or a parent to attend ILC 2017. They'll thank you for it!

Connecting the Generations Intl. is a training ministry under the visionary leadership of Bishop Shelton Beneby. Its mission is to shape the future now by connecting the five generations so that children and young adults can embrace their identity, achieve their potential, and cultivate a vision for their lives.

CONNECTING THE GENERATIONS THROUGH Enduring Values

Toronto, Canada**

SADLY, many of our children have rejected the beliefs, convictions, and habits their parents raised them to have.

Only one in three

Canadian young adults who attended church weekly as a child still do so today. Of the young adults who no longer attend church, half have also stopped identifying themselves with the Christian tradition in which they were raised.

American Millennials are leaving the church. Nearly 60% young people who grew up in Christian churches end up walking away.

This break in values is causing disconnect and disharmony between the generations in our homes, churches and communities.

But together, we can change this.

We can connect Traditionalists, Baby Boomers, Baby Busters, Millennials, and the 'I' Generation through enduring values. Learn how to connect at ILC 2017.
